

Directory of Capital for California Small and Mid-Size Businesses

Proposal: Design a web-based directory of capital targeted at entrepreneurs. There is no need to "reinvent the wheel." Our goal would be to more effectively link the existing resources and focus the EDM Advisory Group's time on capital sources #6 through #10.

Sources of Capital

- 1) Personal Savings
- 2) Family and Friends
- 3) Home Equity
- 4) Personal Loans
- 5) Micro loans
- 6) Business Loans
- 7) Early Stage Equity Investors
- 8) Mid-Stage Equity Investors
- 9) Money to Build and Expand Facilities and Infrastructure
- 10) Selling Your Family Business

Strategic Partners

California Association of Microenterprise Organizations
California Association for Local Economic Development
California Association of Small Business Development Centers
California Association of Financial Development Corporations
California Association of Redevelopment Agencies
California Community Development Association
California League of Cities
California State Association of Counties
California Special Districts Association
California Bankers Association
California Association of Credit Unions
Angel Networks
California Association of Venture Capitalist
California Hispanic Chambers of Commerce

Choosing the right combination on financial resources

- Brief description of business capital
